## **Ausenco secures four year project services contract with Orica**

Ausenco Limited (ASX: AAX) today announced that it had secured a four year services contract with Orica Limited (ASX: ORI) to provide ongoing project support services at the company's Kooragang Island chemical plant in NSW.

Ausenco's Program Management business will work with Orica as an integrated team to execute a portfolio of work, including the management of major capital expansion works to increase the plant's annual ammonium nitrate production capacity. The team will also be responsible for managing additional capital works aimed at optimising the operation of the existing assets.

Ausenco CEO Zimi Meka said the contract win further diversified the company's sector experience and enhanced its recurring revenue stream.

"This contract represents a strategic opportunity for Ausenco to continue to expand our services to the chemicals market and we look forward to working closely with the Orica team to enhance the operations at its Kooragang Island plant and building a long term global relationship with Orica," he said.
