

**VALUE CREATION THROUGH COST REDUCTION AND DELIVERY WITH CERTAINTY**

## CAPITAL REDUCTION STRATEGIES

- Significant reduction in earthwork, footprint & bulk quantities through site and plant layout optimisation
- Fit-for-purpose design
- Appropriate use of modular and pre-fabricated packages

## ON TIME AND ON BUDGET PROJECT DELIVERY

- 16 months from signing to first ore - despite harsh winter conditions
- Strategic planning and differing critical path for schedules and deliverables
- Alignment of all project stakeholders and efficient decision making

## UNIQUE PROJECT FINANCING MODEL

- Fixed price EPC contracting method
- Guaranteed price removes risk for client
- Facilitating project financing

## IMPRESSIVE HSSE RECORD

- Total incident frequency rate 1/25th the Nova Scotian industry average
- Significantly reduced site hours of less than 300,000
- Full regulatory compliance with hazardous substance containment & effluent stream treatment
